Requirements and Recommendations

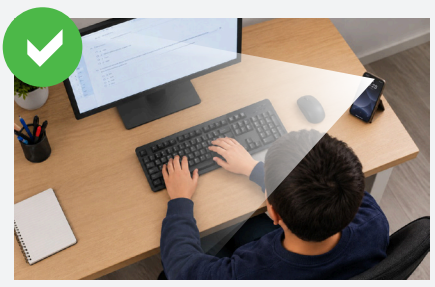

See the recommendations you should consider during the exam.

We recommend that you take the exam using a PC or a laptop.

Cam-1: The camera must clearly show the student's head and lower body.
Cam-2 (Left or Right side): The camera must clearly show the computer screen, keyboard, mouse, desk, arms, and the student's body.

The exam system is compatible with dual-camera setups and screen sharing.

IMPORTANT!

In the Final Round, both cameras and screen sharing must remain active throughout the exam, with camera angles and visibility meeting the specified requirements, for participants to be eligible for a top 10 ranking and qualify for the Best of the Best (BOB) Round.

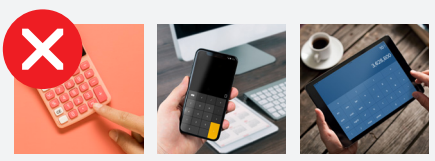

Prohibitions Not Allowed

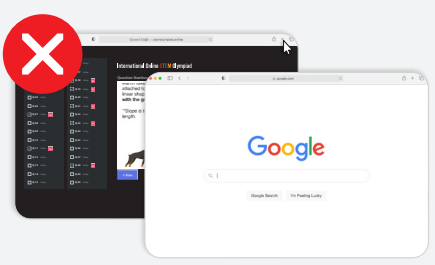

See the items and behaviors that are prohibited during the exam.

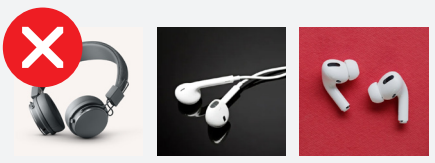

Taking photo or copying the questions is prohibited.

All types of calculators and dictionaries are NOT allowed to use.

When you open a new window other than the exam screen, you will get a warning and noted by the system.

Headphones are NOT allowed to use.

Covering the face is NOT allowed.

Camera must NOT be closed.

Do not forget to read **the exam conditions** before the exam starts, when you enter the portal at the exam time.

GOOD LUCK
