Science > 11:00 - 12:00

Tech. & Eng. > 13:00 - 14:00

Exam Duration: 60 minutes

Press this button to start the exam

Exam Entry and Start Time:

The Online Final Exams are **NOT OPEN FOR 24 HOURS.**

The exam starts exactly on time and ends when the time is up. Late arrivals will not be granted extra time, and their exam time will be considered elapsed.

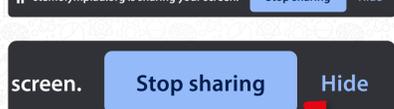

61 min.

Due to possible delays of a few seconds in the synchronization of device clocks with international digital time, the exam duration has been set to 61 minutes. Please avoid leaving answers for the last minute, as you may encounter issues on the closing screen.

In case you experience technical issues during the exam, please read the instructions first to avoid losing time. If your problem persists after completing the necessary steps, contact us via email.

Before **STARTING THE EXAM**, you should remove the notification that appears when you share your screen by clicking the **HIDE** button.

Otherwise, it will be recorded in the system as a tab error.

You can join the exam using a smartphone or a tablet, but screen sharing will not work, and the camera may block your view of the questions. You may select "Continue without screen sharing and camera recording" in the exam; however, this is strongly not recommended. Please note that this may result in a loss of rank.

You left the exam page. Your action has been reported to the server.

Typically, 0.5 points are deducted for each tab issue.

Minor errors may occur due to camera, screen-sharing settings or internet connection.

PLEASE DO NOT SEND EMAILS ABOUT TAB ERRORS OR SHARE ANY EXPLANATORY INFORMATION.

Please note that in case of a tie, the faster participant will be ranked higher. In other words, finishing earlier provides an advantage. Manage your time wisely.

EXAM RESULTS

The exam results will be announced within 12 days. Once they are released, you will be able to download your report and participation certificate from your STEM Olympiad student panel.

You may use paper and pen to solve the questions.

Remember to bring water and the adapter.

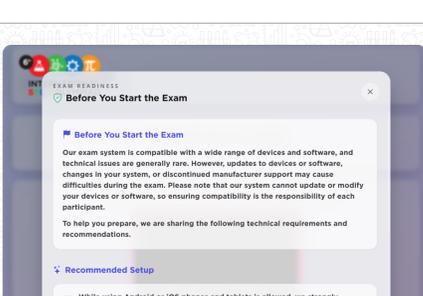

X Calculators and X dictionaries are not allowed.
